In preparing the financial statements, the management is responsible for assessing the ability of Pan Asia Chemical Corporation as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate Pan Asia Chemical Corporation or to create operations, or has no realistic alternative but to do so.

Those in charge of governance (including the Auditing Committee) are responsible for overseeing the reporting process of Pan Asia Chemical Corporation.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the accounting principles in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error. If fraud or errors are considered materials, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We conducted the audit in accordance with the Statement of Auditing Standards with professional judgment and suspicion. We also perform the following works:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design, and perform audit procedures responsive risks, and obtain evidence that is sufficient and appropriate to provide a basis of our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control effective in Pan Asia Chemical Corporation.
3. Evaluate the appropriateness of accounting policies used and the reasonability of accounting estimates and related disclosures made by the management.
4. Conclude the appropriateness of the use of the going concern basis of accounting by the management, and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Pan Asia Chemical Corporation and its ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosure is inappropriate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause Pan Asia Chemical Corporation to cease to continue as a going concern.
5. Evaluate the overall presentation, structure, and content of the statements, including related notes, whether the statements represent the underlying transactions and events in a matter that achieves fair presentation.

We communicate with those in charge of governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings (including any significant deficiencies in internal control that we identify during our audit).

We also provide those in charge of governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships

and other matters that may reasonably be thought to bear on our independence, and where applicable, (related safeguards).

From the matters communicated with those in charge of governance, we determine those matters that were of most significance in the audit of the financial statements of Pan Asia Chemical Corporation of 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communications.
